10:30-12:00 Article 6 and The Challenges of the Readiness for Climate Finance Roundtable

Organised by BMUKN & Climate Focus

ICC-IETA Business Pavilion Boardroom

How Article 6 can contribute to scaling up the flow of resources to developing countries has become urgent. It offers new instruments for scaling climate finance in the form of the Article 6.4 Mitigation Contribution Units (MCUs). This event will help accelerate and broaden the debate among relevant stakeholders. To scale up resources to the tune of USD 300 billion for the NCQG 1 and USD 1.3 trillion for the NCQG 2, undiscovered ways of climate cooperation need to be explored.

Limited capacity.

Facilitator: Thomas Forth, German DNA Article 6.4

Presenter: Sandra Greiner, Lead Consultant - Climate Focus

**11:00-12:30 Carbon Market Frameworks for Brazil: Economic Impacts and Opportunities
Under Article 6**

Organised by IETA

ICC-IETA Business Pavilion Theatre

Brazil's carbon market design is at a turning point. This session will unveil new modelling insights on the economic, sectoral, and social impacts of alternative regulatory pathways under the SBCE and Article 6—exploring how coherent carbon market frameworks can enhance competitiveness and position Brazil as a global climate leader.

Opening Remarks: Dirk Forrister, President & CEO - IETA

Scene Setting: Willian Wills, Managing Partner - EOS Eco

Moderator: Pedro Venzon, Policy Manager & Brazil Lead - IETA

Speakers:

. Vivian Mac Knight, Climate Change General Manager - Vale

. Beatriz Soares, Project Manager National Secretariat for Climate Change - Ministry of Environment and Climate Change, Brazil

. Fabio Galindo, CEO - Future Climate

. Maria Belen Losada, Carbon Products Head - Itaú

13:30-14:30 IETA-PwC GHG Market Sentiment Survey 2025 Media Briefing

Organised by IETA

ICC-IETA Business Pavilion Boardroom

Join IETA and PwC for launch of the 2024/2025 edition of our Greenhouse Gas Market Sentiment Survey. Since 2006, IETA has been surveying its large and diverse membership on the state and future of carbon markets around the world. This year's edition will revolve around five key themes (the expansion of emissions trading systems, CBAM, CORSIA, Article 6, and the voluntary carbon market) as well as price projections in key jurisdictions. The survey insights will be presented and discussed by a panel of experts and stakeholders.

Limited capacity.

Moderator: Alessandro Vitello, Communication Advisor - IETA

Presenter: Andrea Bonzanni, International Policy Director - IETA

Reactions by:

- . Benedetta Pavesi, Carbon Market Strategist - ACT Commodities
- . Ben Rattenbury, Vice President, Policy - Sylvera
